SELECTED PROJECTS AND RESULTS

• The Great Curtain Company, Texas: Built the website and SEO structure from the ground up, combining keyword, competitor and search-intent analysis with technical SEO, internal linking and conversion optimisation. Achieved Top 3 visibility for selected queries, generated organic enquiries and supported increased investment in SEO relative to paid advertising.
• International SEO portfolio: Managed approximately 30 concurrent accounts across five markets, combining technical SEO, content strategy, local SEO, reporting and stakeholder communication.
• Ivy World School: Coordinated digital restructuring, brand transition and content reorganisation as several educational institutions were consolidated into a unified university platform, without material disruption to the intended user journey.
• Bridgestone: Contributed to the Singapore website and created and verified more than 40 Google Business Profiles for locations across India.
